

BUBBLES

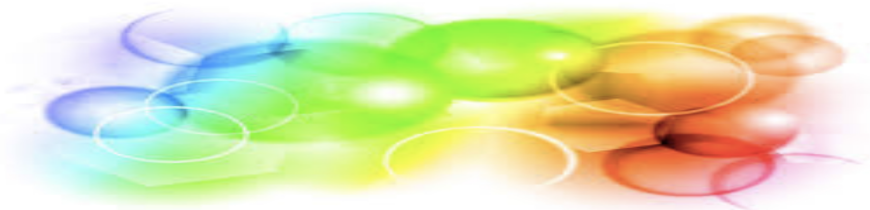

Let's learn about bubbles!

We can learn through PLAY!

Hands on is the way.

Let's Move!

- POP bubbles using different body parts (ear, nose, elbow, wrist, toes, knee, etc.)
- Use actions to play with floating bubbles "RUN through bubbles, JUMP over bubbles, CRAWL under bubbles, DANCE with the bubbles . . ."

FUN BUBBLE GAME!

Create a simple counting game with your child...for example "Count how many times you can jump before all the bubbles pop; count how many times you can clap before all the bubbles pop..."

Homemade Bubbles

Ingredients:

3 cups of water

1 cup of dish soap

¼ cup of corn syrup

Directions:

Stir gently and let sit for

1 hour before using.

Our Mission!

...

It is our mission to promote learning through play by offering children opportunities to interact with real people and have hand-on interactions with real things.

MAKE GAK BUBBLES:

1 bottle of Elmer's Clear School Glue (5 oz)

1/2-3/4 cup Sta-Flo Liquid Starch (I found mine at Walmart)

Liquid watercolors (several squirts until you get the desired color)

Fine glitter in a variety of colors

P.L.A.Y. – Purposeful Learning and You!

Say “bubbles” in
sign language!

Sing a BUBBLE SONG...

(sung to Twinkle, Twinkle Little Star)

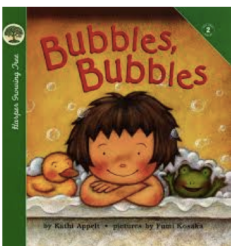

“Bubbles floating all around;
Bubbles big and bubbles round.
Bubbles on my toes and nose;
Blow a bubble...up it goes!
Bubbles floating all around;
Bub...bles
Fall...ing
To...the...ground.”

Let's Talk...

Young children are learning new words and concepts everyday. Describe bubbles using adjectives such as big, little, round, shiny, etc. Also, use words that describe position - “The bubbles are high, low, under, over, through, etc.”

Let's READ!

Painting with Bubbles:

Here's a fun and unique way to make art with bubbles! We used this fun bubble art process to decorate the tail feathers on our Thanksgiving turkey craft one year. The process is a lot of fun, and the results were really pretty.
